SUBJECT: Power of attorney to be signed, relating to the
patent GEM 562
Title: "Method of manufacture of a contactless card"

Dear Pierre:

I am following up the letter which Nathalie HERAIL sent on September 7 of last year, concerning the documents relating to the US patent application procedure for the above-referenced patent, of which you are the inventor.

Without having received a response on your part, I venture to respectfully send the documents again, in the hope of obtaining their signed return, or failing this an explanation of your motive for refusing.

For whatever purpose it may serve, I am at your disposal for providing you with any information which you may consider useful.

Yours sincerely,

Maguie DONNINI
Intellectual Property Assistant
